Internship (m/f) – Data Analytics

💼 buynomics GmbH
🕐 Full time
📅 Immediately / by arrangement

About buynomics

buynomics is a startup in Cologne. We help our clients optimize their product portfolio and prices – based on data. Our software solution generates "virtual customers" that have a realistic buying behavior from different data sources. For this, we use advanced statistical methods, artificial intelligence, and behavioral economics.

buynomics was founded by Ingo, Sebastian, and Emilio. Ingo and Sebastian previously worked for many years as management consultants, and Emilio already was a founder & CEO of a successful AI start-up.

Your tasks

You will support us in the project work for our clients. This includes the preparation and evaluation of data, the adoption of our software, and the preparation of client pricing workshops. During the internship, you will be actively involved in our internal processes and work closely together with the whole buynomics team. This provides you with the opportunity to get a real hands-on experience and gain a unique and valuable set of professional skills.

What we offer

- You will experience a steep learning curve in the field of data analytics
- You will get insights into a fast-growing industry and acquire new knowledge
- You will carry responsibility right from the start
- You will be part of an international, young, and dynamic team
- We offer a competitive compensation
- We offer the possibility to join buynomics full time to the top-performers

Your Profile

- Study in the field of economics, business, mathematics, physics, computer science or a related area (end of bachelor or Master)
- Fluent in English (German is helpful)
- Good knowledge of Excel und Access (SQL is helpful)
- Knowledge of advanced analytical tools such as Python or R is helpful, but not required
- Strong analytic capabilities and experience in data evaluation
- Team player with a high level of personal initiative
- A minimum duration of the internship of 10 weeks, preferably longer

Please send your complete application, including CV, cover letter and certificates to anton.vonlampe@buynomics.com.
